

BEST EXECUTION TRADING TECHNIQUES

- ❖ These are techniques to achieve best execution
- ❖ Best execution is trading to outsmart the market condition within a trading session

BEST EXECUTION VS BEST DECISION

Best execution is matched against the market condition within a trading session while best decision is matched against investment objectives

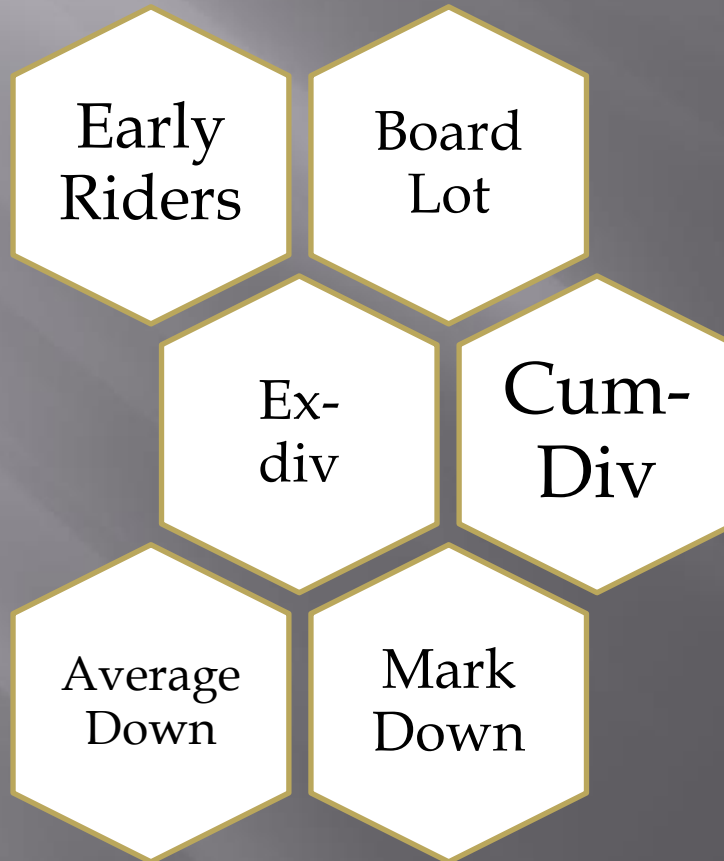

MARKET STRUCTURE

Pre-open 9.30	limit quote	good till open good till date day
Pre=open adjust 9.55	imbalance	session
Continuous trading 10.00	cross deals negotiated deals off market deals FAK, FOK, AON	Immediate Good till date day
Pre-close 14.20	limit quote	good till close good till date day
Pre-close adjust 14.25	imbalance	session
Close		

TECHNIQUES

CONCLUSION

- ▣ The more important your investment decision so also your best execution because your investment decision is executed on the trading machine which has to be at its climax
